

## **Prayer and Praise Update - Judges**

Jan 4, 2010

Hi Everyone

Below is an email from Tia's Dad.

Thank you so much for praying for her!

Blessings,

Peter, Elaina and family

### **From Holt family - Thanks guys!**

Please pass on our thanks to each one. Tia is doing much better now. She is home and feeling fine. Very quick recovery, we must thank the Lord and each one who is praying.

Blessings from here

Dennis

### **Previous E-Mails**

#### **From Judges - Greetings,**

Missionary friends of ours the Holt family working in the Republic of Georgia sent us the email below. Please pray for them and especially for Tia (8 years old). I know what it is like to have swine flu and also to have the blessing of no one else in the family catching it. If you would like to encourage them at all. Please email it to us and we will forward it on for you. (I haven't asked their permission to give out their address and don't want to bother them at the moment)

Thanks and blessings

Peter, Elaina & family

#### **From Holt family - Hi All,**

Please pray for Tia our daughter, it looks like she has swine flu.

We have just taken her to the hospital. It is early stage now, so not too serious yet, but pray for the Lord's protection over her and for quick healing. Also pray for the rest of us that we don't catch it as well. So far only about a thousand people in Georgia have been diagnosed with Swine Flu and there have been around 10 deaths, mostly because people put off going to the doctor or getting help. Thanks for your prayers, we will keep you updated.

Dennis and Korinne
