

The World is busy and everyone is busy. Do you live a busy life for Christ? Do you have time to pray for us at this juncture? Somebody has rightly said, **“Never do things by halves ”**. I must tell you the complete story of our housing matter. In my last mail, I mentioned that SGMI must move by July to a new building. The house is under renovation and will be completely furnished by the end of June. Pray for this building. This house may belong to some else, but God owns it. **Praise the Lord! God knew of this house long before we did; this house will be a house of prayer and worship.**

Alleluia !!!

We are ready, more than ready, to move into the house and remove all the evil spirits in the name of Jesus Christ. This is going to be a great spiritual battle for us as we fight against the principalities, powers, and rulers of the darkness of this age. Pray for us in this house that, first of all, we may live in peace. Second, for a good spiritual environment so that we may win the hearts of the neighboring families with the love of Christ. Third, for the land owner to open his heart to Jesus and have a lasting relationship to God and to us. He says he will allow us to stay for two to three years with an increase in rent every year. We praise God for this house. We also praise God for providing for our needs to move and to settle there.

Once again let me remind you to pray for Angelo Tolentino and his family spiritually, physically and mentally as they prepare to come to India. He will be the first visitor to live in this new building. We are happy for him.

By the way, today the Central Government of India is formed by the Congress party again. They have partially closed down religious freedom. Suffering brothers and sister in Christ are praying for the government to treat Christians as Christians and give them the same liberty they give to any other religion. Moreover, the immorality of same-sex marriage is advancing in India. Demonstrations demanding rights by supporters have been happening in the streets. Surprisingly, countless people have joined this kind of procession. The time is ripe for judgment. We need to join our hearts more than before and pray.

Without ceasing, pray with us to buy a piece of land at New Delhi.
