Dear Prayer Partner:

Greetings to you from Bangladesh. Last month we have dedicated another "Khumi" Church in the Chittagong Hill Tracts. This church is located near Myanmar and Indian border. All the members of this church came to the Lord from Buddhist Background.

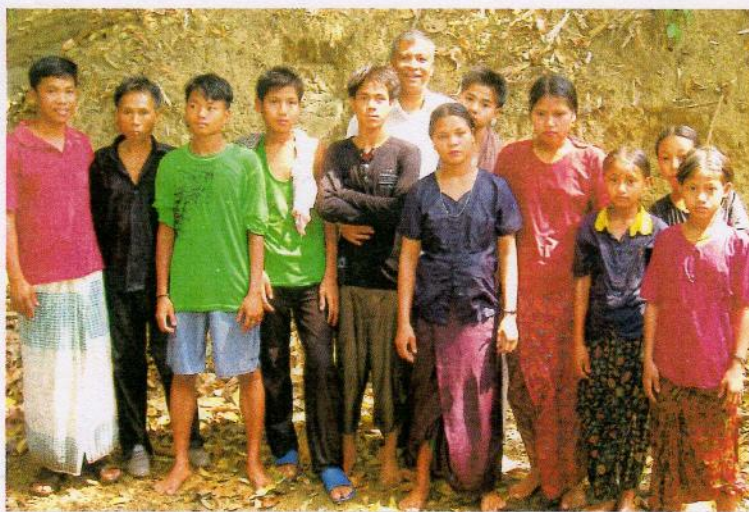

NEW "KHUMI" CHURCH BUILDING

The Lord allowed me baptized several people on the top of the mountain. There was some water in a hole. The water was dirty, yellow and full of baby frog! I was little bit hesitated to baptized there, but what can I do?

BAPTISM

BAPTIZED PEOPLE

On that day Lord allow me baptized these 10 young boys and girls.

It is so good to see that the new churches are being built. We are expecting to dedicate another Church in July. Thank you so much for your prayers and support.

In Christ
