Dear brothers and sisters,

Greetings!

Praise the Lord for this wonderful opportunity to preach the Gospel to children. The best way to reach children's hearts is summer Christian camps.

I remember the Soviet time when it was forbidden to share the Gospel. And one sister from Kazakhstan took us children to the open air. We had a small portion of food. The sister prayed upon the food and shared of God's love to us. It was 40 years ago and I would never forget that time. The weather and nature was very beautiful and God spoke to my heart through nature.

We had a camp in picturesque place Zyb Byda. We worked hard over the last time to finish the camp in Zyb Byda. Praise the Lord the camp is not finished yet, but we could use camp for summer camps.

We had more than 60 children in the camp and half of the children were from unchristian homes, single parent families and orphans. The majority of the children have never felt a father's love. Unfortunately, many children in our country have no father. Our program was oriented to show love to the children and that they are not alone. Our program showed the children of their heavenly Father and that He has never abandoned them.

Brothers and sisters from our Sunday school made a program named "Festival every day". The program showed love of our Father and His begotten Son. We didn't invite children to come forward and repent of their sins, but the Holy Spirit worked in their hearts. Their leaders from groups told me of three girls who repented in their rooms. Praise the Lord!!!

Each day was filled with Bible lessons, fellowships, interact meetings, worshipping the Lord and sports activity as well as free time. The camp united all of us in one team. I am very thankful to God for this opportunity to talk with teenagers and their open hearts. They opened their hearts in the camp and told me what they would never tell their parents. Praise the Lord!

The children wept at parting time. Dasha's mother phoned me after the camp and said: "Dasha entered the house with the following words, "it was much better in this camp than in the one in Italy". Dasha visited Italy every summer from a social organization. It was a very good compliment for me. My heart is filled with great desire to ministry to the Lord in spite of tiredness, criticism and my desire is to reach as much as possible children with the Good News of Jesus Christ and His love. May Good News change hearts of children for His glory!

I would like to thank you for your care and help in this ministry. May God reward to you for your ministry for His sake.
