

Grace and Peace to you, brothers and sisters in Christ. We are at a crossroad and need your help. Please read, share, and pray for the Alpha Clinic and Alpha Pregnancy Resource Center.

Friends of Alpha, have you ever wondered what it would be like to have a Christian doctor's office... a place of healing where everyone, from the receptionist and medical assistants to the doctors and nurses, believes in the healing power of God... a clinic where your prescription might include medication, behavior change, encouraging words, and prayer... and a center where healthcare encompasses not only the physical and biochemical causes of illness, but also the social, emotional and spiritual causes? Have you ever wondered, what would it look like if we followed Jesus' call to care for "the least of these" and "to heal every disease and sickness" (Matthew 25:40, 10:1)... to serve, with the heart and hands of Christ, the poor and the sick as He did (Matthew 4:23, 8:16, 12:15, 14:14, 14:35; Luke 5:17, 6:17, 9:11; Acts 10:38; etc.)... and to follow His example in life and public ministry using healthcare as a delivery system for His Gospel?

Our crossroad? Although we are now able to provide early pregnancy care: pregnancy testing, ultrasound confirmation of gestational age and due date, informed consent counseling for pregnancy options, prescription prenatal vitamins, first trimester labs, and STI testing and treatment –we quickly lose our patients and can no longer treat them. Now, after many months of prayer, testing by scripture, and thoughtful contemplation, we are pressed as an organization by the Holy Spirit to do more... we want to serve our patients in every trimester and postpartum. For our Christian patients, we feel it is the difference between health and healing; for non-believers, we believe it may be the difference between saving lives and saving souls!

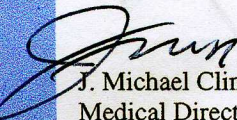

Imagine our vision... a Christian model of prenatal care, serving those who think they have no options, investing in a nine-month and longer relationship, in the hope of sharing the love of Christ so that true healing and everlasting life can manifest through the power of the Holy Spirit.

The time is now...We are proposing a special offering for the Alpha Clinic Comprehensive Prenatal Services Program (CPSP). We estimate start-up costs to be no more than \$37,000 and with grant money and income generated through CPSP we will be able to fully fund this program within one year.

Help clarify God's will for Alpha... let us know what you think; call us and find out about CPSP; pray for us and determine for yourself if it is right to donate your time and money. Help us be a healthy, Christ centered alternative to what the world has to offer. Use your donation to "vote" yes or no for prenatal services and you will help show us God's mission for Alpha.

Thank you for all of your support, both past and present.

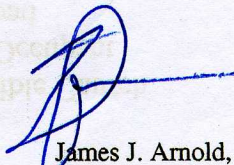

In Christ,

J. Michael Cline, MD
Medical Director

G. Blake McLaughlin, DO
Medical Director

James J. Arnold, DO
Medical Director
